The 1973 Missile Staff Presents
"The Road Not Taken"

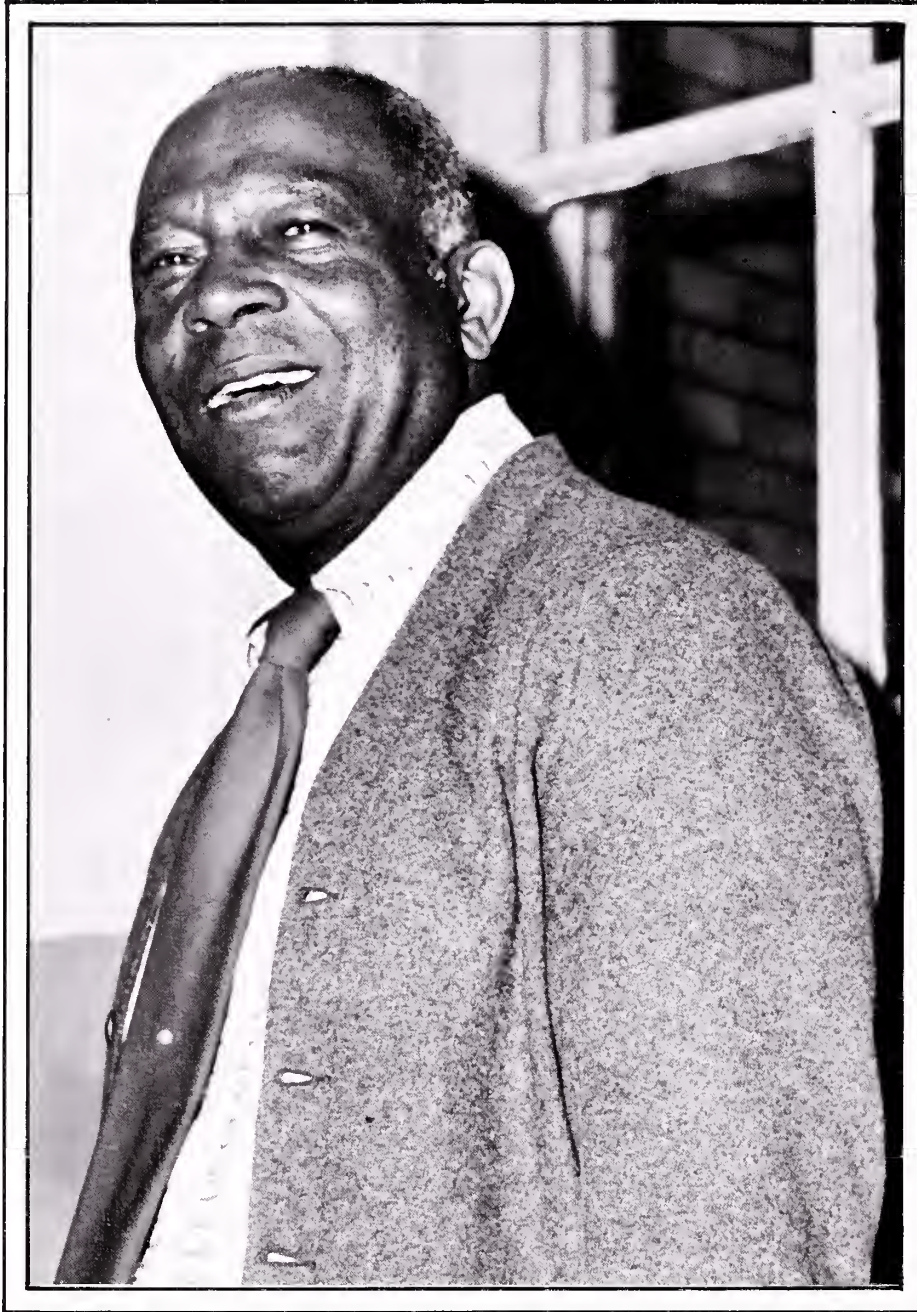

1973 Missile
Petersburg High School
Petersburg, Virginia
Volume XVIII

IN DEDICATION

Richard Pegram

Mr. Richard Pegram, a vital part of P.H.S., is known for his Bruton Heights philosophy which he acquired while teaching at Bruton Heights School in Williamsburg, Va. This philosophy is to gain ten new friends as soon as possible, give of yourself and expect nothing in return, and teach them to love and learn. For this, he became known as "Pal." While serving approx. 27 yrs. in the P.P.S.S. he has become Administrative advisor to the Senior Class, member of P.H.S. Booster's Club, Rep of P.H.S. administrative Staff to the city of Petersburg's Beautification commission, and Assist. Principal. His greatest activity outside of school is with Gillfield Baptist Church where he has served as an active Layman and Deacon for many years. He is also

a member of The Athletic Advisory Council of Va. State College, where he is an avid follower of their entire athletic program. His hobbies

and special interests include sports, people, his two grandchildren, his daughter and son-in-law and his wife, Maudelle. Mr. Pegram means many different things to the many people that make up this school. Perhaps the most meaningful is a quote from Mr. Sublett - "I can truthfully say Mr. Pegram has meant more to me in my life

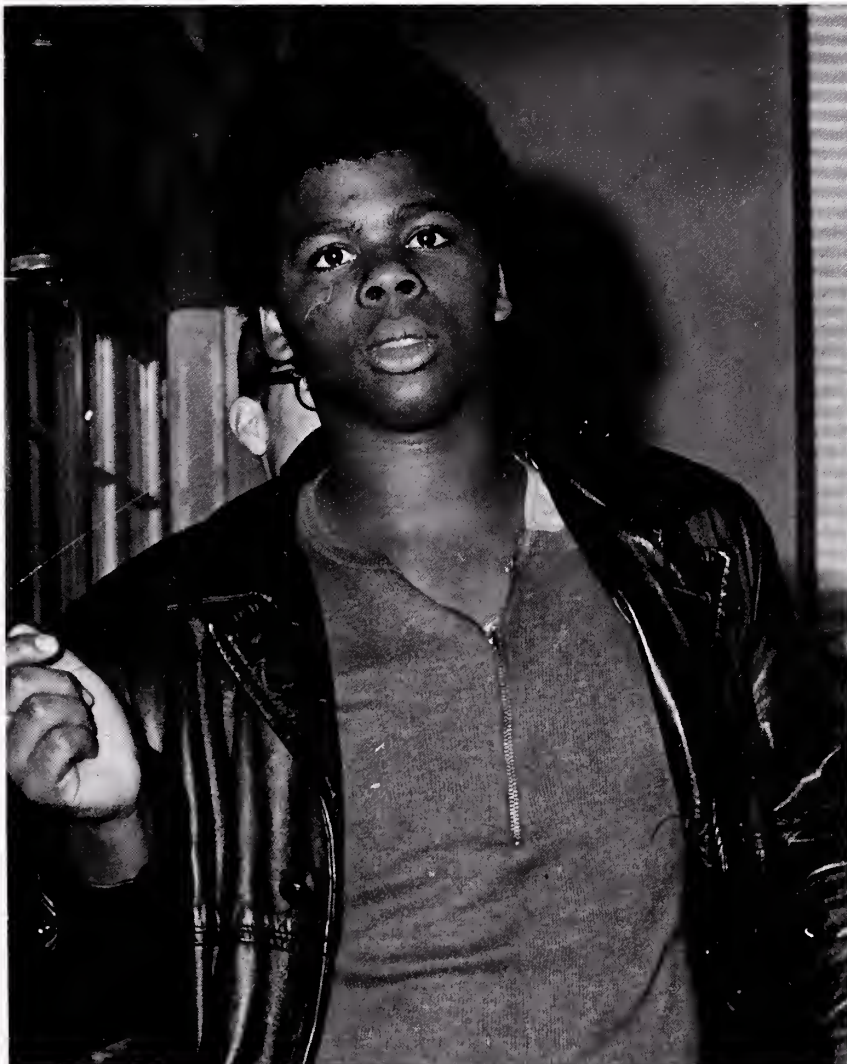

than any other single man I have ever known other than my father. To be in his presence day by day is truly an inspiration."

The members of the 1973 Missile Staff do hereby dedicate this yearbook to our "Pal", Mr. Richard Pegram.

The Road Not Taken

By Robert Frost

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth.

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads onto way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and —
I took the one less traveled by,
And that has made all the difference.

This is it . . . the 1973 Missile. This has been an enjoyable year for me because most of the staff was dedicated and hard-working. Adding to this was the fact that the staff got along well with each other.

My greatest thanks to Mrs. Hugate and Mrs. Niebuhr for their understanding, advice, and general support. I also want to thank Mr. Sublett for his advice and help with the dedication.

To the staff, my thanks for your efforts and time spent in the Missile Room. My great appreciation to Marian for her choices and decisions that make a successful yearbook. Credit must go to the class section editors — Kim, Debra, and Sue, for their dependable and outstanding work. Also, much credit goes to James Giles for his hard and undying work on Academics. I've never seen anyone work that hard! Thanks also go to Rio for her great work with activities and to Fran for his work on the sports section. Thanks to Kathy, Romona, and Barbara for lending their typing ability and time. Pat Goble spent many strenuous hours on the Senior Index. Great credit must be given to Melvin and Paul for soliciting the majority of the ads and to Nancy for working with layouts in addition to her work as business manager. The photographers work was essential. A yearbook does not exist without pictures. I wish to thank Mr. John Perry and Hunter Publishing Company for their invaluable advice and patience. Also, special thanks to the many businesses which support the Missile through ads. I wish the very best of luck to the 1974 staff. I sincerely hope they will be more organized and produce a great book. With cooperation and hard work it will not be a hard task. Good luck.

Debbie
